## Back into shape at the Green Park Resort

The Green Park Resort in Tirrenia, on Tuscany's southern coast, offers a wide range of packages: for example, an unforgettable weekend break for two: a cocktail served at the American bar is the ideal prelude to a romantic candlelit dinner with a gourmet selection menu combined with a choice of wines from the hotel's excellent wine cellar. Sweet dreams in a luxurious guest room, a champagne breakfast when you wake and then a whole day's self-indulgent pampering.

Another package proposes one night in a double room or a junior suite plus a buffet lunch with Prosecco di Valdobbiadene, free entry to the wellness centre Thermarium (with heated swimming pool, hydrotherapy, sauna and Turkish baths and a relaxation area), a relaxing massage, a three-sided facial sun lamp, and a 10% discount on beauty treatments. And the Green Park Resort's beauty spa is a truly exclusive oasis watched over by guru Satyam Bardi, who offers ayurvedic treatments learnt from Indira Gandhi's personal therapist. Absolute 'musts' include a reflexology massage to the soles of your feet to restore physiological equilibrium, a watsu massage – a synergy between shiatsu and hot water – and the "Queen's treatment" which combines micro peeling with massage by millions of inorganic activators of marine diatoms.
